Hello all:

Chapter 11 has been uploaded to Premis along with one missing figure. Hard copies of the tables and figures were shipped out today but the text and one figure did not make it. I plan to include a hardcopy of this chapter in the next shipment of material later this week. If anyone receiving the hardcopy Monday needs a copy of the chapter before then, please let me or Len know. The text itself is 40 pages long.

Hard copies of Chapter 1 to 10 and 12 to 16 shipped today as planned and should be received Monday.

Regards

Ed
